

UTAH DEPARTMENT OF TRANSPORTATION
Application of Right of Way Encroachment Permit
(WORK CANNOT BEGIN UNTIL PERMIT IS APPROVED)

Date: _____

To: Region Director/District Engineer
UTAH DEPARTMENT OF TRANSPORTATION

Phone #: _____

Fax #: _____

Cell #: _____

*(1) Application is hereby made by: _____

*(2) Address: _____ City, State: _____ Zip: _____

*(3) for permission to do the following: _____

*(4) Location: _____

City _____ County _____ Highway No. _____ Milepost _____

*(5) In accordance with the attached plan

*(6) Construction will begin on or about _____, 20____

And will be completed on or before _____, 20____

New underground utility installations crossing highway must be placed by boring. If boring is impossible, a request for an exception may be to the Region Director or his representative by providing the following information:

- a. Type of pavement _____
- b. Excavation will be _____ feet long by _____ feet wide and _____ feet deep.
- c. Permittee shall execute a bond in the minimum amount of \$10,000, to be posted in the Region office, to run for a term of three [3] years after completion of work.

This permit is for UDOT approval only. You are responsible to obtain clearances from railroads, private property owners and local jurisdictions that you are working within.

If this permit is granted, we agree to comply with all conditions, restrictions and regulations contained in UDOT's MANUAL FOR THE ACCOMMODATION OF UTILITIES AND THE CONTROL AND PROTECTION OF STATE HIGHWAY RIGHTS OF WAY, UDOT POLICY 08A-6, and "Special Limitations" required by the Region Director/District Engineer or his duly authorized representative.

This application constitutes a request for agency action under Utah Code Ann. 63-46b-3.

Subject to the following conditions and restrictions: _____

INSTRUCTIONS

1. Application for this permit should be made by whoever will actually do the work and hold the bond (which is required to guarantee satisfactory performance). Whether it be the owner, contractor or subcontractor.
2. Mailing address of the applicant and the telephone number of the contact person.
3. State fully and completely the type of installation, type of construction; width thickness, drainage data, etc., where applicable.

If a pole line, give the following information: number of poles, total length of line, type of wire, character of service, vertical clearance over the roadway, and voltage if power line.

If a pipe line or buried cable, give the following information: type of service (sewer, gas, oil, water supply, etc.), depth of trench, length of line, kind of pipe (corrugated metal pipe, ductile iron, concrete, etc.) or conduit. All transverse underground utilities must be placed under the pavement by boring. All fluid lines require encasement with suitable material. The size and length of encasement shall be satisfactory to the Utah Department of Transportation.

4. Give distance from some geographical point such as intersection highways, city or corporate limits. Give city, county, and state or U.S. route number and GPS coordinate, if possible.
5. Attach one copy of a plan showing proposed locations of structures with reference to pavement and right of way lines. If installation crosses the highway, show cross section of present roadway and proposed installation. Identify the location of other utilities that may be in conflict.
6. Give anticipated dates for beginning and for completion of proposed installations. These will be used in determining the fees.

Note: A utility installation fee varying from \$100.00 to \$400.000, dependent of the utility impact, will be charged for all Right-Of-Way Encroachment Permits. The amount will be determined by the Region/District Permits Officer. These permit fees shall be submitted with the application. An inspection fee will also be required as outlined in UDOT's MANUAL FOR THE ACCOMMODATION OF UTILITIES AND THE CONTROL AND PROTECTION OF STATE HIGHWAY RIGHT OF WAY.
